

How Can your Company be more Competitive?

**You must first choose a company
that understands the technology.**

Renegade Chemicals is a technology company whose focus is to solve your cleaning and specialty application problems. When your business depends on chemicals or if your business is looking to increase profits by upgrading to a chemical process, let us help you become a Renegade.

The ONLY Choice!

The Renegade Formula:

*"Customers do not just buy a product;
rather, customers buy the technology that
makes the product work."*

*Don't have what you need?
Let us make it for YOU!
Call us for a product customized
by our in-house chemist for your
special needs.*
